5th Annual Substance Abuse Prevention Conference
Strengthening Our Community:
Creating Healthy Solutions

Call for Presentations

We are pleased to announce the Call for Presentations for the Fifth Annual Substance Abuse Prevention Conference "Strengthening Our Community: Creating Healthy Solutions" on Friday, April 29, 2016 at the Saddlebrook Resort in Wesley Chapel, Florida. This conference adds the next level of health and wellness by bringing national issues surrounding health and health care integration to Pasco County. Attendees will be inspired to bring innovative health solutions to where they live, learn, work and play. Hosts BayCare Behavioral Health and the Pasco County Alliance for Substance Abuse Prevention invite you to submit a presentation proposal so that you might share your expertise, solutions and tools for improving the health of Pasco County residents with conference participants.

The Call for Presentations is open to any organization with an interest in promoting population health and health care initiatives. Community coalitions, behavioral health providers, medical providers, civic organizations, businesses, institutions of higher learning, and government agencies are encouraged to submit proposals. A complimentary registration fee, lunch, and the opportunity to feature your research and/or organization are offered to presenters.

Breakout sessions (75 minutes in duration) will be programmed into the following thematic tracks and will be scheduled throughout the conference. Poster presentations will also be considered.

- Community Connectedness
- Health Care Quality and Integration
- Workplace Health/Organizational Learning

The Conference Planning Committee will select presentation proposals based on their relevance to conference tracks, the qualifications of the presenters and the quality of the proposal. The lead presenter will be notified upon acceptance of the session proposal. Applicants are asked to complete the Presentation Proposal Form and to submit it electronically with all supporting documents to Monica Rousseau by January 29, 2016. Selected presenters will be notified by February 15, 2016.

CEU's are being offered at the conference and presenters will be asked to submit additional documentation in support of CEU requirements at least one month prior to the confrence.

If you have questions or require additional information, please contact Monica Rousseau via email at mrousseau@pascoasap.com.

Sincerely,

Monica Rousseau, MPH, CHES, CPH
