**I. Introductions and Approval Minutes** Chrissie  
 A. Missy Coyle mentioned to approve and Katelyn Steiner seconded to approve

**II. SOC Presentation** Jo Dee Nicosia  
 A. Jo Dee talked about the SOC grant and the Child Behavioral Health Partnership meeting. SOC team meets the families where they are at in their community and

Mission: To coordinate community efforts to reduce countywide risk factors for addiction, thereby preventing and decreasing substance abuse in a comprehensive and long-term manner that primarily impacts the youth in the community

focus on their culture. She discussed the targeted group is youth aged 10-16 with complex issues (mental health, DJJ, DCF) and try to streamline those providers through a wraparound model. Jo Dee discussed this process of how to make a referral and then follow through with the services. She gave specifics of the wraparound model and other different available trainings for the community partner stakeholders. Contact Jo Dee for more questions.

### **III. Joint use of Schools Project**

Brian Taylor

- A. Brian is with the Parks and Recreations services and talked about the joint facilitation between the school district and parks and rec departments. Both entities worked together to be able to use each other facilities. Parks and Rec started identifying neighbors where they could start opening basketball courts, tennis courts, etc to share cost with schools and figure out logistics for being to have both Parks and Rec and school services at facilities. They targeted different elementary and middle schools for co-facilitating the services and spaces.
- B. Visit [www.pascocountyfl.net/parks](http://www.pascocountyfl.net/parks) for more information

### **IV. Group Activity**

All

- A. Monica talked about meth data and treatment increased trends in drug court and through CFBHN. The activity for the group was to circle top three priorities from the given list for what ASAP should focus on for the community. Also the group circled top three resources and knowledge needed for ASAP to pay attention to and will work this information into a workplan.
